This is in response to the renewed petition under 37 CFR 1.47(a), filed January 23, 2002. The application file was recently forwarded to the Office of Petitions for a decision on the petition. The Office apologizes for any inconvenience.

The petition is granted.

Petitioner has shown that Gerald E. Janusz, the non-signing inventor, has refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the statement of facts of David W. Nagle, Jr. establishes that the inventor, via his attorney, was mailed the application papers, including the specification, claims and drawings, but failed to respond to the request that he sign the declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status. As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at his attorney's address given in the present petition. Notice of the filing of this application will also be published in the Official Gazette.

The application file is being forwarded to Technology Center 2600 for examination in due course.

Dear Mr. Janusz:

You are named as a joint inventor in the above-identified United States patent application filed under the provisions of 35 U.S.C. 116 (United States Code) and 37 CFR 1.47(a), Rules of Practice in Patent Cases. Should a patent be granted on the application you will be designated therein as a joint inventor.

Alternatively, you may arrange to do any of the preceding through a registered patent attorney or agent presenting written authorization from you. If you care to join the application, counsel of record (see below) would presumably assist you. Joining in the application would entail the filing of an appropriate oath or declaration by you pursuant to 37 CFR 1.63.
